

ROOFING DIVISION

SPRAY-APPLIED ROOFING RESTORATION

OUR SERVICES

The Niles Roofing Division focuses on restoring existing roofs:

- METAL
- PVC
- TPO
- BUR
- EPDM
- MOD BIT
- Secondary Containments

OUR SYSTEM

Niles launched their roofing division in 2019. Since then, they have built and developed a team of the best roofing talent in the industry, that has laid over 10 million square feet of roof. In partnership with the leading fluid-applied manufacturers, we can provide top quality, customized roofing solutions for our customers with no disruption to the business and work done below. We work with you and your teams, from start to finish.

We utilize sustainable materials whenever possible and in the last year saved on a total of 2.5 square feet of waste that would have gone to a landfill if it weren't for our spray applied roofing system that does not require a total tear off to be effective.

OUR STATS

In 2021, the Niles Roofing Teams installed 2.5 million sq. ft.

The Niles Roofing Teams worked 47,000 hours safely in 2020, and 70,270 in 2021.
